

## Merritt College Counseling Department

Articulation Notes  
February 12, 2007

### UC

UCLA: Has removed the Elementary Subject Matter teacher preparation program as a separate "major" and has incorporated it into each of its specific majors (i.e. Child development, Mexican-American Studies, and Urban Learning). The Liberal Studies major will be posted as soon as it is completed.

San Diego: Updated the Visual Arts ICAM major and posted it on ASSIST.

Irvine: Updated the full agreement for 06-07 and posted it on ASSIST.

Santa Barbara: Has approved artic between their BL ST 4 and our AFRAM 19 or (not equivalent but acceptable) M/LAT 6.

Riverside: Has added artic between their GEO 9 and our GEOL 5 and their GEO 5 and our GEOL 6 and posted them on ASSIST.

Davis: The Department of Human Development has added the requirement to select two courses from Anthropology 1, 2, or 15 to their major prep agreement and posted it on ASSIST.

### CSU

CSU GE: PHIL 10, Logic, was supposed to have been removed from C2 - Humanities effective F04. Although I removed it from our advising sheets as of F04, it wasn't removed from ASSIST at that time. When I brought this to everyone's attention just recently, ASSIST was changed to reflect the removal date of F04. There's some possibility that a student may want to complete a CSU GE certification form with the belief that PHIL 10 was acceptable for C2 between F04 and now based on the continued posting on ASSIST. If so, let me know and we'll handle this on a case-by-case basis--I've informed the CSU CO and I expect they will be very accommodating if a problem occurs.

Sonoma: New agreement for 06-07 updated and posted on ASSIST.

Los Angeles: Has revised the agreement for the majors in Urban Learning, Mexican-American Studies, and Child Development and posted them on ASSIST.

San Bernardino: Approved artic between their EELB 230, Introduction to Education and our EDUC 1, Introduction to the Field of Education. Has also added a B.S. in Computer Engineering. Please visit

[http://csci.csusb.edu/announcements/computer\\_engineering\\_program.html](http://csci.csusb.edu/announcements/computer_engineering_program.html) for a description. It isn't in the Catalog.

Bakersfield: Updated the 06-07 agreement and posted it on ASSIST.

Dominguez Hills: Has revised the Negotiation, Conflict Resolution and Peacebuilding major prep agreement and posted it on ASSIST.

### Independents

USC: AFRAM/COMM 13 and AFRAM 38/ENVMT 12 have been approved to clear the diversity requirement. PHYS 20A-B have also been approved as transferable. Will not show on online agreement until F07.

Art Institute of California - SF: Artic agreement updated and posted on web site.

Mills: Will no longer accept Math 50, Trigonometry for their Quantitative & Computational Reasoning Skills effective Fall 2007. Artic agreements will be updated to reflect this change.

Holy Names: Has updated artic agreement for 06-07. Posted on their page on the web site.
