

Merritt College Counseling Department

Articulation Notes
November 4, 2002

1. **Impacted CSU Campuses and Majors** CSU Chancellor's Office recently added page to their website listing information about impacted campuses and majors in the system. Link to page is <http://www.calstate.edu/AR/impactioninfo.shtml> I've added the link to the General Advising Information page found on the CSU page.
2. **ASSIST Upgrade** Received notice that ASSIST has upgraded their servers and that we should see significant improvement in speed. Particularly important during November as its one of their busiest months, with 4-year school applications and submissions for IGETC.
3. **CSU, Chico Articulation** Articulation agreement for ECE (Engineering) Department (course-to-course) has been updated and posted on ASSIST on October 31, 2002.
4. **CSU, Sacramento Articulation** Articulation for Anthropology major has been updated and posted on ASSIST on October 31, 2002.
