

Merritt College Counseling Department

Articulation Notes
October 8, 2007

UC

Santa Barbara: Chemistry added new organic chemistry lab courses, CHEM 6AL-6BL-6CL at 3 units each. Classics discontinued their Classical Civilization emphasis and added the Greek and Roman Culture emphasis. Computer Science B.A. added an Emphasis in Computational Economics. Drama was changed to Theater. Earth Sciences added two Geological Sciences emphases: Earth and Planetary Science Emphasis and Geohydrology Emphasis. Starting F08, Economics, Economics/Mathematics and Business Economics majors will start using selection criteria for transfer applicants to satisfy before being admitted into the major. For Economics and Economics/Mathematics: Students must complete microeconomics, macroeconomics, and two calculus courses with a minimum grade point average of 2.75 in these four courses (in addition to UCSB's admission requirements) prior to transfer. For Business Economics the required courses are microeconomics, macroeconomics, one calculus course and one statistics courses, with the minimum 2.75 GPA. Also note new selection criteria for all Biology majors, effective F09: A full sequence (whether taught as two courses or three courses) in general Biology with lab along with a one-year sequence in general Chemistry with lab. The GPA in these courses must be at least 2.7. Geography added the new Geographic Information Science Emphasis and added GEOG 2, World Regions to the major. Law and Society major is still closed until further notice.
