Articulation Notes
February 23, 2004

1. **Fresno Artic Updated** We've just renewed our full artic agreement for 03-04 w/ CSU, Fresno. It was posted on ASSIST 2/12/04.
2. **New Artic w/ SFSU** Just received word that our BIOL 10 has been articulated with SFSU's BIOL 100+101 (4 units). This is good news since there's been some discussion about deactivating our BIOL 25 which is currently articulated w/ SFSU's BIOL 100. Now if our BIOL 25 is deactivated, we'll still have articulation w/ SFSU's BIOL 100. The agreement is now posted on ASSIST.
3. **UCLA Artic Updated** Just received word that UCLA has approved articulation between our BIOL 1A and their LIFESCI 2 and our BIOL 1B and their LIFESCI 1. Articulation agreements for majors requiring these courses have been revised to reflect this equivalency and posted on ASSIST.
4. **HSU Artic Updated** Our 03-04 full artic agreement with Humboldt has been approved and published on ASSIST.
5. **TAG at CSUH** CSU Hayward has a new program called Transfer Admission Guarantee (TAG) that replaces the Dual Admission Program. The following are TAG guidelines that can be found on the back of the new TAG application. Students are eligible to participate in the TAG program if they have completed a minimum of 12 units at another university or community college, are a California resident, are a first-time undergraduate student, and if they will have earned a cumulative GPA of 2.0 with at least 60 semester or 90 quarter transferable units by the time they transfer. Students must also be in good standing at the time of transfer, and must have completed transferable G.E. courses in English Composition, speech, critical thinking, and mathematics with a grade of C or better. Although not a requirement of the program, students who have decided on a major are encouraged to complete the lower division requirements while attending the community college. TAG is not available for students on F1 or H visas, second bachelor's degree or impacted program applicants, and students with coursework from other countries. Students who do not transfer within 4 years, or those who transfer before the completion of 60 semester or 90 quarter units, lose their TAG status. TAG Procedures:
Student
 - Initiates TAG with counselor
 - Reviews and signs TAG form
 - Submits TAG from to community college counselor
 - Meets with Cal State Hayward counselor
 - Submits CSU Application for Admission during appropriate filling period

Community College Counselor

- Reviews document with student
- Indicates approval by signing form
- Submits form to Cal State Hayward counselor

CSUH Counselor

- Reviews form upon receipt from the community college
- Signs form or returns form for corrections
- Returns appropriate TAG form copies to the community college and the student
- Meets with student prior to transfer

You can pick up the TAG forms from Kimm Blackwell in the Transfer Center.
For more information, call Gail Grant at CSU Hayward at 510-885-3123.

- 6. EDUC 1 Artic** After getting the syllabus for EDUC 1 (which is now being offered here and at COA for the No Child Left Behind students from OUSD), we've gotten good response to our articulation requests from the 4-year schools. It has been placed on the TCA (retroactive to 01-02) and approved for articulation with UCR (EDUC 1 & 2) and Santa Cruz (EDUC 80). It is also being reviewed for articulation by UCI and CSULB. This should increase the attractiveness of the course.
