Articulation Notes  
April 17, 2006

### UC

Berkeley has added ASAME 30 to International Studies to the International Studies area of the L&S 7-course breadth.

### CSU

Sacramento has updated the Nursing agreement (finally!) and posted it on ASSIST. We're hoping to add COSER 24 to clear the Human Development requirement (their CHDEV 30) but that's in process. They've also updated the Chemistry agreement and posted it on ASSIST.

### Independents

St. Mary's has updated our agreement for 05-06. It's posted on their website and on ours.

Samuel Merritt is again opening up a few anatomy courses to the general public (i.e. non-admitted students) starting in May. The good news? Taking their course is a way to meet the anatomy requirement for some nursing or other medical-related programs (students should check with a counselor or with the 4-year school to verify). The bad news? They're very expensive. Here's the information for students who may be interested:

1. Human Anatomy Lecture & Lab, 5/22 to 6/14, M & W, 10-3, 4 units, \$836 per unit.
2. (Two others, dates, times & locations to be announced)
