Articulation Notes
September 19, 2005

CSU

- **San Francisco State.** 05-06 artic agreement published on ASSIST. Revisions to the major in Dance; majors in Russian and Social Science discontinued. Have also added majors in Modern Jewish Studies (no lower division courses articulated) and Statistics.

Independents

- **Asuza Pacific University.** New artic agreement executed.
- **University of Phoenix.** Artic agreement updated.

Merritt College

- **Nursing Program Information.** Per Kathy Bauer, 30-unit option for LVNs is in effect but is a VERY remote possibility. Priority order of admission to Nursing courses (after completing BIOL 3 & 4) is: 1) former Merritt Nursing students who dropped out for good cause; 2) former Merritt Nursing students who failed out but are still in good standing (1st semester students take NURS 1, 11, & 12; may not have passed 1 of 3 exams in NURS 1 but progressing satisfactorily in NURS 11 & 12); 3) transfer students from other Nursing programs who are in good standing, and; 4) all others. Another option, the "LVN to RN Program" (see catalog description under NURS 15A-B), is not currently being offered because there aren't enough instructors or clinical placements. Also, any Nursing students who have taken NUTR 12 will not have to take NURS 14, Nutrition and Diet Therapy in Nursing as part of the ADN program.
- **Medical Assistant Program.** Per Linda Berry-Camara 7/15/05, first class in SU05 was a pilot project funded through a grant from the Unity Council, involving MC and 2 community agencies. MC paid for the instruction and Unity Council administers the program, arranges the intern ships, and coordinates details, including recruitment for the pilot. There has been discussion about a 2nd pilot but nothing has been finalized. Refer students or anyone w/ questions to Cy Bracy, coordinator of the program, at (510) 434-2506.
