<ul style="list-style-type: none"> Approved Associate's Degrees or IGETC Certification receive Full-Faith and Credit for General Education Requirements with the following exceptions: Menlo College requires all graduates to complete the equivalent of MGT 001, MGT 002, ECO 055, and, depending on major, MTH 010 or MTH 002. LIT 104 must be taken at Menlo if there is no equivalent course to both HUM 001 AND HUM 002 Specific courses may be required as a prerequisite for Major and/or Concentration upper div. courses. Vocational Associates Degrees will not be accepted. Merritt College courses not specifically noted but which transfer to the University of California will be accepted as general units for transfer credit at Menlo College. Merritt College courses which transfer to the California State University system will be considered for transfer acceptance on a case-by case basis. Menlo College does not accept vocational or correspondence courses for transfer. Students need to earn a grade of "C-" or better for the course to be considered for transfer credit. Merritt College courses may be taken only once for transfer credit to Menlo College. A single course cannot be used to fulfill more than one requirement. Transfer students will receive credit for the total number of units accepted for transfer. However, grades received in transfer courses will not be counted in a student's Menlo College GPA. Up to 70 units of lower division course work may be transferred to Menlo College. No more than 4 units of physical education courses will count toward graduation. This agreement is subject to change and students may appeal transfer evaluation to Menlo Faculty Appeals Committee
