

UNIVERSITY OF THE PACIFIC

School of Engineering and Computer Science

Merritt College Articulation Sheet

Pacific Requirement		fulfilled by	Merritt College*
Mathematics			
MATH 51	Calculus I		Calculus 3A
MATH 53	Calculus II		Calculus 3B
MATH 55	Calculus III		Calculus 3C
MATH 57	Differential Equations		Calculus 3F
Basic Sciences			
BIOL 51	Principles of Biology I	(7)	To be determined
BIOL 61	Principles of Biology II	(7)	To be determined
CHEM 25	General Chemistry I		Chemistry 1A
CHEM 27	General Chemistry II	(8)	Chemistry 1B
	Basic Science Elective	(5)	(Many options available)
PHYS 53-55	Principles of Physics		Physics 4A-4B-4C
Engineering Science			
ENGR 20	Engineering Mechanics I		Engineering 35
ENGR 45	Material Science	(1)	No comparable course available
ELEC/ENGR 41	Electrical Circuits/Science	(2)	No comparable course available
ELEC/ENGR 41L	Electrical Science Lab	(2)	No comparable course available
CIVL 22	Surveying	(3)	A/ET 100
Other Engineering Courses			
ENGR 5	Introduction to Engineering		Engineering 17
ENGR 15	Engineering Graphics	(1)	No comparable course available
(Varies)	Computer Programming	(4)	CIS 20, 25, 26
MECH 100	Manufacturing Processes	(6)	No comparable course available

General Education

We at Pacific will accept any Community College Transfer General Education program as satisfying our own, with at most one additional class being required. (See next page.)

Students who present a transcript showing satisfactory completion of the above listed core requirements will be able to enroll with full junior standing. Completion of the Bachelors degree can be done in two additional years plus twelve months of Cooperative Education. Pacific does not require a minimum number of completed units for community college students to transfer to University of the Pacific.

- (1) **NOT REQUIRED** for Electrical, Computer and Engineering Physics majors.
- (2) If the student has not completed this requirement, the student should contact the School of Engineering and Computer Science for summer school information.
- (3) **REQUIRED** only for Civil majors.
- (4) **REQUIRED** only for Mechanical majors.
- (5) **NOT REQUIRED** for Engineering Physics or Bioengineering majors. Most Bio., Chem., Geology, and Physics classes acceptable.
- (6) Electrical and Computer Engineering majors require C++ programming.
- (7) **REQUIRED** only for Bioengineering majors.
- (8) **REQUIRED** only for Civil students with environmental emphasis and Bioengineering. Elective for CpE, EE, ME, and other CE majors.

* 03-05 Catalog

For more information contact Dr. Gary Martin at (209) 946-3064 or gmartin@uop.edu

School of Engineering and Computer Science University of the Pacific

Students wishing to complete the entire General Education requirements at the School of Engineering and Computer Science at the University of the Pacific should:

1. Take a minimum of three social sciences and three humanity classes totaling a minimum of 18 semester units.
2. One class should be taken from each of the three different sub-groups in each discipline (See list of typical courses below).

Social Sciences

Individual & Interpersonal Behavior

Communicative Disorders: An Overview
Intro. to Interpersonal Communication
Intro. to Microeconomics
Literature & Psychology
Intro. to Human Development
Child Development
Intro. to Psychology
Sex Roles & Sexuality
Psychoactive Drugs & Behavior
Abnormal Psychology
Adolescence & Young Adulthood
Criminology
Human Sexuality Sports in America

International or Intercultural Studies

(Any non-U.S. History classes).
(Any non-U.S. Political Science classes).
Cultural Anthropology
Intro. to Music of the World's People
Women Across Culture

Society and Culture in the U.S.

Intro. to Mass Communication
Economic Principles and Problems
Intro. to Macroeconomics Theory & Policy
U.S. History I & II
The Civil War Era
Women in U.S. History
African-American History
American Democracy
U.S. National Government
Mass Media & Political Participation
Intro. to Sociology
Social Problems & Policy

Recreation & American Society
Music, Entertainment in U.S. Society
The Mexican American in Contemporary Society

Humanities

Literature, Letters & Language

(Any foreign language classes)
(Any foreign literature classes)
Public Speaking
Intro to Argumentation

Fundamental Human Concerns

History of Western Civilization I & II
Intro. to Philosophy
Fundamentals of Ethics
History of Modern Philosophy
Key Ideas of the Old Testament
Life and Teaching of Jesus
Nature of the Christian Faith
Religion and American Culture
Intro. to Religion

Practice & Perspective in the Visual & Performing Arts

Visual Arts Exploration
Survey of Western Art to 1400
Survey of Western Art after 1400
History of the Theater
Aesthetics of Film
Religion & Cinema
Music Appreciation
Performing Ensembles
Opera Literature

Engineering Degrees Available

Bioengineering (BE)
Civil Engineering (CE)
Computer Engineering (CpE)
Electrical Engineering (EE)
Engineering Management (EMgt)
Engineering Physics (Eph)
Mechanical Engineering (ME)
