What is CPL?

Credit for prior learning is college credit awarded for validated college-level skills and knowledge gained outside of a college classroom.

Students' knowledge and skills might be gained through experiences such as:

- Military training
- Industry training
- State/federal government training
- Volunteer and civic activities
- Apprenticeships, internships, work-based learning, or other industry-based experiential learning

CPL is not awarded for knowledge and skills already assessed and awarded credit through formal education at regionally accredited in-state and out-of-state institutions.

CPL is a *Vision for Success* Strategy

Students who earn credit for prior learning succeed

Helps us achieve Vision for Success

Win-Win for students, colleges, the state

CPL is a Student-Centered Strategy

- Current students:

- More than 800,000 currently enrolled students over age 25

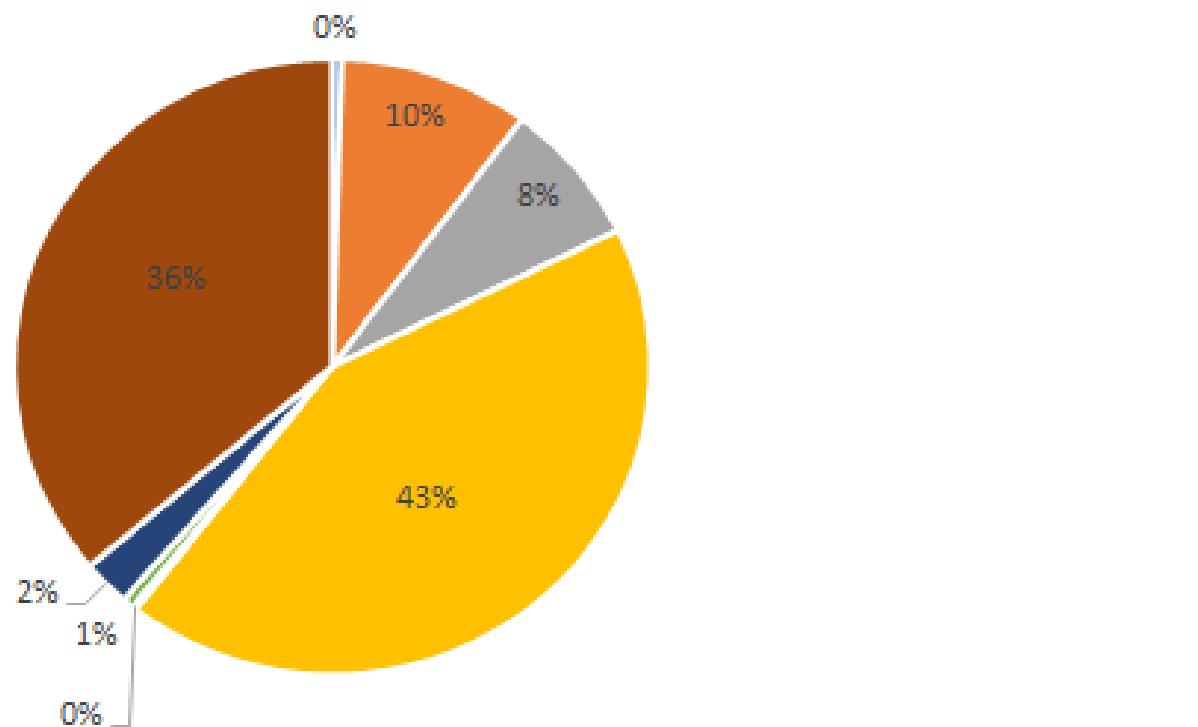

- Potential students:

- 6.8 million California workers age 25-54 with high school diploma or some college but no degree
 - 79% work 31 or more hours per week

CPL is an Equity Strategy

PROCESS FLOW

This process flow outlines steps and tactics a college may take to implement credit for prior learning—a strategy using students' previously acquired skills and knowledge to accelerate their paths to completion. Find more resources, including templates (underlined below), in the Credit for Prior Learning Community on the Vision Resource Center.

Step 1	Step 2	Step 3	Step 4	Step 5
<p>GOAL Develop a College Credit for Prior Learning (CPL) Workgroup.</p> <p>STRATEGIES</p> <ul style="list-style-type: none"> Identify stakeholders on campus with varying expertise and perspectives, such as: <ul style="list-style-type: none"> Student services faculty Instructional faculty Administrators Student Learning Outcome (SLO) coordinators Identify a CPL lead to be responsible for advancing the outcomes of the workgroup. Be realistic about the time this person will commit and consider institutionalizing the position. Marshall resources to support the workgroup and campus CPL efforts, such as Guided Pathways or Student Equity and Achievement Program funds. Consider using GP or SEA funds. 	<p>GOAL Develop an engagement plan to enable multi-directional dialogue about CPL.</p> <p>STRATEGIES</p> <ul style="list-style-type: none"> Identify affected stakeholders and develop suggested roles for them in CPL implementation. Involve accreditation representation. 	<p>GOAL Develop meeting cadence and key communication artifacts for stakeholder engagement.</p> <p>STRATEGIES</p> <ul style="list-style-type: none"> Hold brainstorming sessions to address challenges, opportunities, questions, and concerns about engaging identified stakeholders. Use group meetings to develop shared goals for the workgroup and for CPL implementation. Develop an FAQ to answer stakeholder questions and provide consistency. Develop a Frequently Identified Concerns (FIC) document to identify future issues, demonstrate willingness to hear stakeholders and intent to increase buy-in. 	<p>GOAL Draft a Student Services CPL Process.</p> <p>STRATEGIES</p> <ul style="list-style-type: none"> Hold meetings to analyze procedures for CPL intersections. Identify existing student data needed for CPL and what new data variables should be created to track success of CPL impact. Develop a list of CPL data elements. Use lean process mapping to check for redundancies or conflicts. Build consensus around a central entry point for implementing CPL. Develop a CPL intake form. 	<p>GOAL Develop a plan to communicate with students about CPL.</p> <p>STRATEGIES</p> <ul style="list-style-type: none"> Meet with the campus IT team to discuss information systems infrastructure. Establish when/where student data will be gathered, and when/where it will be linked to other student data. Determine how the process can be automated or completed electronically.

Step 6 Step 7 Step 8 Step 9 Step 10

GOAL Develop a timeline for board policy and administrative procedure development and adoption.	GOAL Create an inventory of courses eligible for CPL and the types of prior learning assessments required.	GOAL Advance revised board policy and administrative procedures through shared governance processes.	GOAL Develop a process for CPL assessment development and approval with reviews from faculty, administrators, IT, evaluators, and Student Learning Outcome subject matter experts.	GOAL Develop a plan to communicate with the campus community about CPL.
STRATEGIES <ul style="list-style-type: none"> • Identify the date that final revisions need to be completed. • Develop a schedule working backwards from the final revisions date. • Identify any dependencies that could affect the timeline. 	STRATEGIES <ul style="list-style-type: none"> • Develop a CPL inventory template to be used across meetings and individual work. • Collaborate with faculty to identify types of prior learning assessments that would be required to award CPL in select courses. This requires considering how the assessment reveals whether a student acquired the course's student learning outcomes. • Using the inventory template when working with faculty to identify courses that could be awarded through the various types of CPL. 	STRATEGIES <ul style="list-style-type: none"> • Share with key stakeholders and incorporate feedback. 	STRATEGIES <ul style="list-style-type: none"> • Build consensus for collaborative development of prior learning assessment processes. • Develop rubrics for assessments, such as evaluating portfolios or Joint Services Transcripts. Highlight the need for professional development for faculty. • Brainstorm and build consensus for the process. • Schedule a recurring review process aligned to program evaluations or changes from CSU and UC. • Use lean process mapping to check for redundancies or conflicts, and revise processes as needed. 	STRATEGIES <ul style="list-style-type: none"> • Develop resources such as a website, short videos, or workshops to explain CPL opportunities to students, using language that is accessible and easy to understand. • Use existing infrastructure to send information, such as student newsletters, text or email, clubs, etc. • Use ACC & JC standards to continually inform your process.
