## Generic BSN Lower Division Major Requirements

The Generic BSN program is designed for students who wish to become Registered Nurses and acquire the Bachelor of Science Degree.

### Contra Costa College

Based on Contra Costa College 2017-2018 Catalog and  
Holy Names University 2017-2018 Catalog

The following courses are currently being accepted as fulfilling lower division major preparation requirements at Holy Names University. These are not to be confused with general education requirements. For a list of those please refer to the official **HNU-Contra Costa College Articulation Agreement** to determine what classes will fulfill Holy Names University General Education requirements.

Students registered in the generic BSN program are expected to earn at least a B- in the required science courses (Anatomy, Physiology, Chemistry, Biology, and Microbiology). If a grade of C+ or lower is earned, a student may repeat one class one time in order to earn a B- or better grade. A second grade of C+ or lower in a science class will result in disqualification from the program.

Once admitted to the program, the student is expected to complete all courses throughout the program at HNU, which means courses may not be taken elsewhere and transferred to HNU after admission.

## **ARTICULATION AGREEMENT FOR GENERAL EDUCATION REQUIREMENTS**

**Based on Contra Costa College 2018-2019 Catalog and  
Holy Names University 2018-2019 Catalog**

Holy Names University accepts coursework passed with a grade of C- or higher, up to a total of 70 community college units. Generally, community college courses are transferred according to California State University guidelines. Remedial (basic skills) and vocational courses are non-transferable. Each course can be used to meet only one general education requirement.

Students who are certified as having completed the Intersegmental General Education Transfer Curriculum (IGETC) prior to transfer are not required to take additional lower-division general education coursework at HNU. These students would need to only take 2 upper-division ISAC (Integrative Studies Across Cultures) courses plus the Senior Colloquium (see page 2).

## **Holy Names University announces a new Pre-licensure BSN program**

Registered Nurses are highly in-demand. Estimates show that there are nearly twice the number of jobs available as there are nurses to fill them.\* Many Bay Area programs are impacted and hold long waiting lists. To meet this need for nursing education, HNU has introduced a new, Generic BSN program.

### **Why Holy Names University?**

- › Complete in three years and two summers (HNU offers a year-round format)
- › No waiting lists for classes
- › Small class sizes (1:7 student teacher ratio), small cohort (~20)
- › State-of-the-art nursing simulation lab, and access to labs at Kaiser and Washington Hospitals
- › NCLEX test prep resources
- › Placement services: CCPS participation, placement at Alameda Health System, Washington Hospital, Kaiser, SF General, and St. Paul Towers

**Transfer students:** Applicants who meet entry requirements may begin their clinical studies as soon as May of 2018.

### **Program entry requirements** (for transfers and pre-nursing students)

- › General education courses; 7 units of upper-division courses TEAS (Test of Essential Academic Skills)
- › 3.0 GPA during first three semesters of college coursework;  
B- in math and science classes
- › A writing sample
- › Two letters of recommendation
- › An interview with Assistant Program Director
