Indicates that transfer credit may be limited by either UC or CSU or both. Please see www.assist.org and consult with a counselor for additional information.

IGETC COMPLETED:

Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) with grades of "C" or better will permit a student to transfer from a California community college to a campus in either the California State University (CSU) or the University of California (UC) system without the need after transfer to take additional lower-division general education courses. (Note exception: Students transferring to UC San Diego's Eleanor Roosevelt and Revelle Colleges may complete IGETC, but they must also meet specific general education requirements of those colleges.) It should be noted that completion of the IGETC is not a requirement for admission to the CSU or UC system. However to meet minimum transfer admission eligibility students may need to complete all of Area 1 and Area 2; check with a counselor regarding the difference between minimum admission eligibility requirements and general education.

Associate Degrees for Transfer (ADs-T) to CSU: It is possible to fulfill the requirements for an AD-T by completing the IGETC pattern for UC transfer. However, students completing an AD-T and transferring to a CSU requires full completion of Areas 1 through 5 including Group 1C: Oral Communication course. See a counselor for more transfer and AD-T information.

The IGETC is <u>not advisable</u> for all transfer students. The IGETC is most advantageous for transfers who have not yet decided on a major or a campus. Once a student has identified a major, it is important to give priority toward fulfilling all required major preparation courses, particularly in professional or "high unit" majors that select applicants on the basis of satisfaction of lower division major requirements. If a student is pursuing a major that requires extensive lower-division preparation, they may be better served by taking courses which fulfill the CSU General Education/Breadth requirements or the general education of the specific UC campus or college to which they plan to transfer, examples of such majors include, but are <u>NOT LIMITED</u> to: Engineering, Business Administration, Computer Science, Pre-professional schools and Sciences.

<u>Restrictions</u>: A student who is initially enrolled at a UC and is returning to the <u>same</u> UC campus (after attending a community college) is considered a "readmit" and <u>cannot</u> use IGETC. However students who initially enroll at a UC, attend a community college and return to a <u>different</u> UC campus, may be able to use IGETC, but should check with a Laney counselor or the campus they wish to attend. This restriction does not apply to students who have taken UC summer session or Extension classes only. Students initially enrolled at a CSU and then return to the <u>same</u> CSU campus (after attending a community college) should be directed to that campus for questions regarding the use of IGETC. (There is no CSU system-wide policy on this issue.)

IGETC Certification: Laney College, Peralta Community College District, can certify either full certification (completion of all requirements in each subject-area) or partial certification: a maximum of two courses may be deferred and completed after transfer; Areas 1 and 2 must be completed prior to transfer. **Note:** UC Berkeley's College of Letters & Science requires full IGETC certification for all majors.

Official transcripts of any coursework completed outside Peralta District must be on file prior or accompany the certification request. Courses taken at other California Community Colleges will be placed in the IGETC area identified by the offering college the term the course was taken. Courses taken at other colleges/universities may be used if the course content meets the IGETC area standards.

Students should request certification when a final transcript is requested to be sent to their choice of UC or CSU (campus where admission has been accepted), the term prior to transfer. The "Request for GE Certification" form is available from a counselor or the Admissions & Records Office and can be filed in the Admissions and Records Office. Once certification is completed student records (transcript) will reflect the full or partial certification of IGETC Completion. Students are encouraged to see a counselor by appointment to discuss transfer and the IGETC option as part of an education plan. Counselors are available by appointment through the Counseling Office located on the 3rd Floor, Laney Tower or call (510) 464-3152 or 464-3153.
